

# CHARTING YOUR FAMILY'S SPIRITUAL COURSE

Today, less than 10% of all Christians read the Bible as a family, less than 5% worship as a family, and less than 10% pray together. Three out of four kids from Christian homes are walking away from their faith after High School!\* Are you prepared to reverse this trend in your family?

*Charting Your Family's Spiritual Course* will give you a step-by-step plan for raising kids who know and love God - making an impact on this generation and the generations to come. This God-honoring, Christ-centered, half-day workshop will give you, as a parent or grandparent, practical tools to design a spiritual growth plan for your family - and even more importantly equip you to put your plan into practice.

## ***Charting Your Family's Spiritual Course***
